

2025–26 Family Engagement Events

We have an incredible school community, and we are grateful for our school's small size that allows us build strong relationships with families and scholars. Whether our founding families, who have been with us since Day 1 and Year 1 or newer families who have joined, we appreciate the opportunities we have with everyone in our school community. We plan at least monthly Family Engagement events to provide an opportunity for our school community to gather on campus and to stay connected with staff and other families. If you have any questions about any of these events, please reach out to your child's teacher first and then Ms. Aidee. We will reach out to families for volunteers and/or sponsors as needed. Thank you for being part of our school. We look forward to seeing you at these events in Year 4.
