Adopted December 2, 2020
Revised February 10, 2021

INTRODUCTION

The Governing Board of Sage Collegiate Public Charter School has reviewed and adopted the following policies and procedures to ensure the most effective use of the funds of Sage Collegiate Public Charter School to support its mission and to ensure that the funds are budgeted, accounted for, expended and maintained appropriately. The policies and procedures will be revised when the back-office provider is selected and Sage Collegiate and the selected back-officer provider have entered into contract of services.

Accounting Procedures

This section covers basic accounting procedures for the organization. The accounting procedures used by the organization shall conform to Generally Accepted Accounting Principles (GAAP) to ensure accuracy of information and compliance with external standards.

Basis of Accounting

Policy: The organization uses the accrual-basis of accounting at year-end, meaning that revenues are recorded when earned, and expenses are recorded when a liability is incurred regardless of when the receipt or payment of cash takes place.

Procedures:

- Throughout the fiscal year, revenue is recorded in the month in which it is received, and expenses are recorded in the month in which they occur.
- At the close of the fiscal year, all revenue earned in the fiscal year, but not received is accrued. All expenses that have been incurred but not paid are also accrued. This ensures that that the year-end financial statements reflect all revenue earned and all expenses incurred during the fiscal year.
- Year-end books, inclusive of adjusting journal entries, are closed by November 1st, the date by which the audit report must be submitted to the school's board for review and approval. Final audit reports are due to the State and respective reporting agencies by December 1st.

Bank Reconciliations

Policy: Bank reconciliation and approval will occur monthly.

Procedures:

EdTec is virtually paperless, and all bank statements are saved as soft copy - no printed copies. An EdTec employee completes the bank rec, the EdTec accountant assigned to the client reviews and signs off on the bank rec, and the EdTec client manager also reviews the bank rec before it is sent to the school ED for review/approval. The accountant's review and approval are logged in a monthly task management portal with initials and date.

All fiscal records are maintained electronically in a secure location by EdTec for the duration of the relationship with the school

The organization employs various electronic systems and processes to complete the work associated with its fiscal operations (e.g., NetSuite, Box, Paylocity), which will be determined in agreement with the back-office provider. The electronic systems the organization chooses to use may change over time and new electronic systems may be introduced.
